Credits:

- \* Original maps by Altfuture and were extracted from the game
- \* The idea of combing all maps from one location on a single page is from Kimo on Steam
- \* This map book was created in LibreOffice Draw

Notes:

\* Map created in QGIS and annotated in LibreOffice Draw

\* Mostly just restricting speed limits signs are shown with a few of the higher limit signs sprinkled in

\* A 10 kph speed limit sign was added at Iron Ore Mine West due to poor track condition entering yard from the northwest

\* Contours and hill shading are from height map found on Discord

\* The following mods were used in the creation of this map:  
 DV Save Game Editor  
 DV Route Manager modified to export track coordinates

- Your House
- Bob's Garage
- Town/Industry Location
- Diesel Service
- Coal Service
- Shop
- ↘ Turnout
- Ⓢ Speed Limit Sign
- Down Grade Indicator
